 - 9.1 As of September 2012, all aircraft movement figures, with the exception of Whitehorse, are now received from Yukon Highways and Public Works, Aviation Branch. As such, data published since September 2012 cannot be compared to figures in earlier issues of the Yukon Monthly Statistical Review.
 - 9.2 This table only includes persons entering Yukon by land at Canada Border Services Agency ports of entry. Travellers entering Yukon through all other roadways are excluded, as are persons entering by air and water. Although there is no permanent Canada Border Services land port of entry in Dawson City, special annual international events between Yukon and Alaska, namely Yukon Quest and Trek Over the Top, require participants to cross the border by land. For border crossing purposes, participants in Yukon Quest are counted as pedestrians while participants in Trek Over the Top are counted as crossings by automobile. Please note: Fraser and Pleasant Camp border crossings are included in totals even though there is the possibility that these persons may never physically enter Yukon.
